

Dear Volunteer,

Hey there! We recently wrapped up the CodeChef Learning Program, and it surely did live up to the expectations and even more. We were able to make it a huge hit with your help. So here's a huge piece of our heart from everyone here at CodeChef for supporting and guiding the students for this CodeChef College Learning Program from 27/Sep/2021 to 29/Nov/2021. You brought your charm, kind nature, assisted everyone when required, and became one of the integral support and volunteer for this Learning Program.

So, thank you so much for rising to the occasion and helping these students!

Thanks & Regards
The Chef
